

Dear Friend,

[www.hotsedinburgh.com](http://www.hotsedinburgh.com)

Thank you for allowing the team to pray for you today, and demonstrate to you that God is alive, powerful and that he longs to have a loving relationship with you. We have put this letter together to further assist you in responding to what has happened.

If you have been healed since we prayed, then we want to give God all the honour, because he is the one who has the power to do this, not us. This is why we do not accept any money or donations for what we do. There are a number of things you should do now.

- If you are on medication stay on it, under no circumstances should you stop doing anything a medical professional, or counsellor has advised. We are not medically trained, so please verify what has happened through them, and then take their advice. If you have been healed, their verification is a great endorsement to others of what God has done.
- If you are in a church already, please go and tell the leaders of the church the great news. Tell people what God has done, and bring any friends or family along with you again. We will happily pray for them too, no matter what their condition or sickness, because nothing is impossible for God!
- Also please let us know you have been healed. It would be a great encouragement to us if you could either come back to us by calling us (0131 476 6640) or emailing us at [info@hotsedinburgh.com](mailto:info@hotsedinburgh.com) to let us know.

You may not be aware of any change in your condition. Sometimes it is clear you have not been healed and if that is your situation, don't worry... God still loves you! We do get many people who are not healed instantly, but recover over time. Our confidence is in the fact that whenever we pray to God, he always responds to our prayer. He is the one in control, so we wait patiently. If you have not yet been healed we would encourage you:

- To keep on seeking after God because he has promised that when we pray he will listen. When we get serious about pursuing he won't let us down.
- If there is some improvement, but not a total improvement, (which even happened occasionally in the bible stories on healing), we would love to pray for you again. You can come as many times as you like. We won't give up if you don't.
- If there is no improvement at all after a week or two, then we will pray again (and again) if you like. We don't have all the answers, but sometimes we need to persevere.

#### Why did we do this?

We prayed for you today, because God loves you, and he wants you to restore the balance in your life around a new reality: one that is focussed on Jesus Christ. He is sufficient for all your needs ranging from life and freedom to healing and knowing God. That's why he died on a Cross and was raised from the dead. He wanted to prove his love for you and give you the chance to start again with his purposes flowing in your life as you follow him.

### How do I find out more about God?

Our hope is that after this encounter with God, you will want to find out more about him - more than anything else. That's why we have included the booklet called "Why Jesus?" in the pack for free. It will help you your journey of discovery. Being a Christian is all about having a living relationship with a living God, There are practical ways that you can begin to do this.

- Join a Church: We have enclosed a list of the churches working together in this venture at the end of this letter. You are free to contact any one of them or indeed if you would prefer another denomination or you are not from the area we can help you with that too.
- Read a Bible: If you don't have one, we can help you with that so please ask.
- Pray: Prayer is simply talking with God. Page 18 of "Why Jesus?" can help you with that.
- Talk to Christians: Come back and ask us any questions you might have. Get into conversation with any Christian friends you have because knowing God is a journey, not a philosophy or idea. It does require effort on your part, now that God has taken the initiative to meet with you today.

### Who are the people who prayed with me today?

We are just a group of ordinary people who follow Jesus. We are trying to give their full attention to what God is doing right now in our lives and our world. And we are just like the people you will find across the churches of our city this Sunday as they meet to worship God together.

God Bless you.
